

**UKPA Open Tournament
25th – 26th February, 2017
Dispersing Pentominoes
Round 5**

Round

This

1 **Classic Pentomino(55)**

Numbers outside the grid indicate the total number of cells used by the pentomino elements in that row or column.
Pentominoes cannot use any of the cells shaded black.

Example only uses N, T, V and X.
